

UnivIS - Raumplan Online-Meeting

Aktuelle Informationen
zur Raumbelegung und
Anwesenheitserfassung
während der Pandemie:

A large, complex grid representing a room plan. The grid is composed of many small cells, some of which are colored in shades of grey, white, and light blue. The text within the cells is mostly illegible due to the grey overlay, but it appears to be a detailed schedule or assignment of rooms and times. The grid is organized into several vertical columns and horizontal rows, with some larger rectangular areas highlighted in a darker grey.

Änderungen der Raumbelegung nur nach Absprache mit Raumverantwortlichen
