Aktuelle Informationen
zur Raumbelegung und
Anwesenheitserfassung
während der Pandemie:

The treemap visualization displays a hierarchical structure of data. The root node is 'Data' (100% of the total area). It branches into 'Training' (50%) and 'Testing' (50%). 'Training' further branches into 'Train' (25%) and 'Validation' (25%). 'Testing' branches into 'Test' (25%) and 'Development' (25%). Each of these four nodes further branches into numerous sub-nodes, representing a deep hierarchy of data categories. The nodes are colored in a light gray color, and the branches are represented by thin black lines. The overall shape is a large rectangle with a complex internal structure of smaller rectangles.
