

UnivIS - Raumplan U11/00.16

Aktuelle Informationen
zur Raumbelegung und
Anwesenheitserfassung
während der Pandemie:

The image shows a very large and dense grid, which is the UnivIS room plan. It consists of multiple columns and rows, each representing a different room and its associated details. The text within the grid is extremely small and difficult to read, but it appears to contain room numbers, names, and possibly occupancy information. The grid is organized into several vertical sections, with the first three sections being the widest and the last section on the right being the narrowest. The overall appearance is that of a complex data table or database view.

Änderungen der Raumbelegung nur nach Absprache mit
Raumverantwortlichen Tanja Hofmann (App. 1721,
raumbuchung.guk@uni-bamberg.de), Simone Schardt (App. 2311,
