Aktuelle Informationen
zur Raumbelegung und
Anwesenheitserfassung
während der Pandemie:

Year	Category	Country	Project Name	Project Description	Project Status	Project Lead	Project Team	Project Budget	Project Timeline	Project Impact	Project Evaluation	Project Feedback	Project Review	Project Conclusion
2014	Infrastructure	Germany	High-Speed Rail Network Expansion	Expansion of the high-speed rail network to connect major cities and reduce travel time.	Completed	German Federal Government	DB Schenker, Deutsche Bahn	€10 billion	2014-2016	Improved connectivity and reduced travel time across Germany.	Positive feedback from passengers and stakeholders.	Successful completion of the project.	Highly rated by the public.	Major infrastructure achievement.
2015	Healthcare	France	Universal Health Insurance Scheme	Implementation of a universal health insurance scheme to ensure access to healthcare for all citizens.	In Progress	French Government	Assurance Maladie, Caisse d'Allocations Familiales	€5 billion	2015-2018	Increased healthcare coverage and improved patient outcomes.	Positive feedback from healthcare providers and patients.	On track for completion.	Highly rated by the public.	Significant healthcare reform.
2016	Education	India	Digital Literacy Campaign	Large-scale campaign to promote digital literacy and improve access to online education.	Completed	Indian Government	Ministry of Education, Digital India Mission	€2 billion	2016-2017	Increased digital literacy rates and improved access to online education.	Positive feedback from students and educators.	Successful completion of the campaign.	Highly rated by the public.	Major educational achievement.
2017	Environment	Canada	Renewable Energy Transition Plan	Comprehensive plan to transition to renewable energy sources and reduce carbon emissions.	In Progress	Canadian Government	Environment Canada, Natural Resources Canada	€8 billion	2017-2025	Increased renewable energy production and reduced carbon emissions.	Positive feedback from environmental groups and stakeholders.	On track for completion.	Highly rated by the public.	Significant environmental achievement.
2018	Transportation	Japan	Shinkansen Network Expansion	Expansion of the Shinkansen high-speed rail network to new regions and improve service.	Completed	Japanese Government	JR Group, Shinkansen Tokai	€12 billion	2018-2020	Improved high-speed rail connectivity and service quality.	Positive feedback from passengers and stakeholders.	Successful completion of the expansion.	Highly rated by the public.	Major transportation achievement.
2019	Healthcare	United Kingdom	NHS Digital Transformation	Digital transformation of the National Health Service to improve patient care and efficiency.	In Progress	UK Government	NHS Digital, NHS.uk	€6 billion	2019-2023	Improved digital health services and patient engagement.	Positive feedback from patients and healthcare providers.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2020	Infrastructure	China	5G Network Rollout	Large-scale rollout of 5G mobile network infrastructure across the country.	Completed	Chinese Government	China Mobile, China Telecom	€15 billion	2020-2021	Increased 5G network coverage and improved mobile service quality.	Positive feedback from consumers and businesses.	Successful completion of the rollout.	Highly rated by the public.	Major infrastructure achievement.
2021	Healthcare	Germany	Digital Health Records System	Implementation of a digital health records system to improve data sharing and patient care.	In Progress	German Government	Digitale Vernetzung des Gesundheitswesens	€4 billion	2021-2024	Improved digital health records and patient care coordination.	Positive feedback from healthcare providers and patients.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2022	Education	United States	EdTech Innovation Fund	Establishment of a fund to support innovative educational technology startups.	Completed	US Government	Department of Education, EdTechX	€3 billion	2022-2023	Increased support for EdTech innovation and improved educational outcomes.	Positive feedback from educators and students.	Successful completion of the fund.	Highly rated by the public.	Major educational achievement.
2023	Environment	Sweden	Carbon Footprint Reduction Initiative	National initiative to reduce carbon footprint and promote sustainable living.	In Progress	Swedish Government	Swedish Environmental Protection Agency	€1 billion	2023-2025	Increased carbon footprint reduction and improved sustainability.	Positive feedback from environmental groups and citizens.	On track for completion.	Highly rated by the public.	Significant environmental achievement.
2024	Transportation	South Korea	Autonomous Vehicle Testing Program	Large-scale testing program for autonomous vehicles on public roads.	Completed	South Korean Government	Ministry of Transport, Hyundai Motor	€7 billion	2024-2026	Improved autonomous vehicle safety and performance.	Positive feedback from researchers and the public.	Successful completion of the testing program.	Highly rated by the public.	Major transportation achievement.
2025	Healthcare	Italy	AI-Powered Diagnostic Tools	Development and deployment of AI-powered diagnostic tools for early disease detection.	In Progress	Italian Government	Ministry of Health, AI Research Center	€5 billion	2025-2028	Improved AI-powered diagnostic accuracy and patient care.	Positive feedback from healthcare providers and patients.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2026	Infrastructure	Spain	Smart City Development	Development of smart city infrastructure to improve urban living and sustainability.	Completed	Spanish Government	Ministry of Urban Planning, Smart City Alliance	€9 billion	2026-2029	Improved smart city infrastructure and urban living quality.	Positive feedback from residents and businesses.	Successful completion of the development.	Highly rated by the public.	Major infrastructure achievement.
2027	Healthcare	Canada	Telemedicine Expansion	Expansion of telemedicine services to improve access to healthcare and reduce costs.	In Progress	Canadian Government	Health Canada, Telemedicine Association	€3 billion	2027-2030	Improved telemedicine service quality and patient access.	Positive feedback from patients and healthcare providers.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2028	Education	United States	EdTech Innovation Fund	Establishment of a fund to support innovative educational technology startups.	Completed	US Government	Department of Education, EdTechX	€3 billion	2028-2029	Increased support for EdTech innovation and improved educational outcomes.	Positive feedback from educators and students.	Successful completion of the fund.	Highly rated by the public.	Major educational achievement.
2029	Environment	Sweden	Carbon Footprint Reduction Initiative	National initiative to reduce carbon footprint and promote sustainable living.	In Progress	Swedish Government	Swedish Environmental Protection Agency	€1 billion	2029-2031	Increased carbon footprint reduction and improved sustainability.	Positive feedback from environmental groups and citizens.	On track for completion.	Highly rated by the public.	Significant environmental achievement.
2030	Transportation	South Korea	Autonomous Vehicle Testing Program	Large-scale testing program for autonomous vehicles on public roads.	Completed	South Korean Government	Ministry of Transport, Hyundai Motor	€7 billion	2030-2032	Improved autonomous vehicle safety and performance.	Positive feedback from researchers and the public.	Successful completion of the testing program.	Highly rated by the public.	Major transportation achievement.
2031	Healthcare	Italy	AI-Powered Diagnostic Tools	Development and deployment of AI-powered diagnostic tools for early disease detection.	In Progress	Italian Government	Ministry of Health, AI Research Center	€5 billion	2031-2034	Improved AI-powered diagnostic accuracy and patient care.	Positive feedback from healthcare providers and patients.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2032	Infrastructure	Spain	Smart City Development	Development of smart city infrastructure to improve urban living and sustainability.	Completed	Spanish Government	Ministry of Urban Planning, Smart City Alliance	€9 billion	2032-2035	Improved smart city infrastructure and urban living quality.	Positive feedback from residents and businesses.	Successful completion of the development.	Highly rated by the public.	Major infrastructure achievement.
2033	Healthcare	Canada	Telemedicine Expansion	Expansion of telemedicine services to improve access to healthcare and reduce costs.	In Progress	Canadian Government	Health Canada, Telemedicine Association	€3 billion	2033-2036	Improved telemedicine service quality and patient access.	Positive feedback from patients and healthcare providers.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2034	Education	United States	EdTech Innovation Fund	Establishment of a fund to support innovative educational technology startups.	Completed	US Government	Department of Education, EdTechX	€3 billion	2034-2035	Increased support for EdTech innovation and improved educational outcomes.	Positive feedback from educators and students.	Successful completion of the fund.	Highly rated by the public.	Major educational achievement.
2035	Environment	Sweden	Carbon Footprint Reduction Initiative	National initiative to reduce carbon footprint and promote sustainable living.	In Progress	Swedish Government	Swedish Environmental Protection Agency	€1 billion	2035-2037	Increased carbon footprint reduction and improved sustainability.	Positive feedback from environmental groups and citizens.	On track for completion.	Highly rated by the public.	Significant environmental achievement.
2036	Transportation	South Korea	Autonomous Vehicle Testing Program	Large-scale testing program for autonomous vehicles on public roads.	Completed	South Korean Government	Ministry of Transport, Hyundai Motor	€7 billion	2036-2038	Improved autonomous vehicle safety and performance.	Positive feedback from researchers and the public.	Successful completion of the testing program.	Highly rated by the public.	Major transportation achievement.
2037	Healthcare	Italy	AI-Powered Diagnostic Tools	Development and deployment of AI-powered diagnostic tools for early disease detection.	In Progress	Italian Government	Ministry of Health, AI Research Center	€5 billion	2037-2040	Improved AI-powered diagnostic accuracy and patient care.	Positive feedback from healthcare providers and patients.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
2038	Infrastructure	Spain	Smart City Development	Development of smart city infrastructure to improve urban living and sustainability.	Completed	Spanish Government	Ministry of Urban Planning, Smart City Alliance	€9 billion	2038-2041	Improved smart city infrastructure and urban living quality.	Positive feedback from residents and businesses.	Successful completion of the development.	Highly rated by the public.	Major infrastructure achievement.
2039	Healthcare	Canada	Telemedicine Expansion	Expansion of telemedicine services to improve access to healthcare and reduce costs.	In Progress	Canadian Government	Health Canada, Telemedicine Association	€3 billion	2039-2042	Improved telemedicine service quality and patient access.	Positive feedback from patients and healthcare providers.	On track for completion.	Highly rated by the public.	Significant healthcare achievement.
